

# IT WAS YOUR GRACE

**VERSE 1** It was Your grace that drew me to the cross  
It was Your grace that gave me faith  
It was Your grace that reconciled me to Yourself  
Though I had sinned in every way  
You disarmed me of everything that I would lean on  
So I would lean on You  
And You stripped me of everything I would depend on  
So I'd depend on You

**CHORUS** In You alone my strength is found  
In You alone my hope abounds  
In You alone my strength is found  
My life is bound up in You

**VERSE 2** And in my weakness give me still more grace  
Grace to cast myself on You  
In every trial let me find Your peace and joy  
And grace to humbly walk with You  
O disarm me of everything that I would lean on  
So I would lean on You  
Jesus, strip me of everything I would depend on  
So I'll depend on You

**BRIDGE** Give me more grace  
Give me more grace  
And new mercies every morning  
Give me new mercies
